

81211 Multiplier 1 (to use with SMC-1)

Care and Maintenance

The following procedures are advised to be followed:

1. The Multiplier 1 should be rinsed thoroughly in fresh water after each dive.
2. Dry and clean the glass surface of the Multiplier 1 with the cloth provided.
3. Cover the lens with the provided covers when not in use.
4. DO NOT use any kind of abrasive solutions to clean the glass surfaces.
