

81302 Compact Macro Converter 2 (CMC-2, 2.8x Magnification)

Care and Maintenance

The following procedures are advised to be followed:

1. The CMC-2 should be rinsed thoroughly in fresh water after each dive.
 2. Dry and clean the glass surface of the CMC-2 with the cloth provided.
 3. Cover the lens with the provided covers when not in use.
 4. DO NOT use any kind of abrasive solutions to clean the glass surfaces.
